2016 P&C Voluntary Fundraising Contribution

As parents we want to provide the best learning environment for our students. This includes the provision of air conditioned classrooms to ensure that they have a comfortable place to work. To achieve this objective, the P&C needs the financial support of all Kenmore High families.

A Voluntary Fundraising Contribution scheme was introduced in 2012 for the purpose of raising funds to complete the air conditioning of all Kenmore State High School classrooms. Since government funding does not extend to air conditioning in Brisbane schools, the P&C Association offers the only means of achieving this goal.

Significant progress has been made during the past seven years with the P&C Association contributing $299 500 towards air conditioning and fans from 2009-2015. Currently 56% of classrooms are air conditioned but your ongoing support is necessary to achieve our target of having a fully air conditioned school.

The P&C has contributed a total of $299 500 towards air conditioning and fans 2009-2015

- 2009 – G Block (English) was fully air conditioned at a cost of $49 000.
- 2010 – Large fans were installed in the Activities Centre at a cost of $51 000.
- 2011 – 2012 – B (Maths) block was fully air conditioned at a cost of $85 000
- 2014 – The year 7 building (S block) was air conditioned at a cost of $90 600
- 2015 – F block was partially air conditioned at a cost of $20 500 and fans costing $3400 were installed in the R Block Kitchen.

Our Goal for 2016 is to raise sufficient funds to air condition two priority areas. The buildings that have been identified as most in need of air conditioning include R Block (Hospitality and Home Economics) and C Block (Science).

We believe the Voluntary Fundraising Contribution will benefit families by:

- achieving the goal of providing air conditioned comfortable classes to support the learning and well-being of your students
- being a tax deductible donation
- concentrating our efforts, removing the need to organise many smaller fundraising activities;

How you can contribute towards the 2016 Voluntary Fundraising Contribution:

- The suggested family contribution is $250 for the year
- Contributions may be paid in one lump sum or instalments (eg $125 per semester).
- You may elect to pay by cash, credit card, bank transfer or cheque (payable to Kenmore State High School P&C Association).
- Complete the form on the reverse side of this page and return it with your payment.

Thank you in anticipation of your support for the 2016 Voluntary Fundraising Contribution.
2016 P&C Fundraising Voluntary Contribution

School Building Fund – Classroom Air conditioning
(TAX DEDUCTIBLE DONATION)

TAX INVOICE
ABN: 6554 3610 136

I/we wish to make a tax deductible donation to the School Building Fund – Classroom Air conditioning.
