Kenmore State High School's Award for Teaching & Learning

About the Teaching & Learning Award

Our school values are important pillars that drive our work. The recipient of this award will be a teacher who demonstrates the realisation of these values within their daily work.

In 2021, Kenmore State High School is proud to introduce the inaugural Teaching & Learning Award to recognise teachers who have been acknowledged by their peers and/or members of the wider community for their sustained commitment to improving their own professional learning. Recipients are engaging in high quality teaching practices and show evidence of impact on student learning. Teachers receive acknowledgement based on their contribution through the Kenmore values, reflected in their individual and collective professional practice.

Each recipient will be presented with a perpetual trophy at the school's Premier Awards Evening, and a prize in recognition of their contribution to the Kenmore State High School Teaching & Learning community.
